

CHIH-LUN TSAI (NICK)

Software Engineer

Toronto, M6B 2Z1 | +1 647-332-1026 | nicktsai1026@gmail.com | [LinkedIn](#)

OBJECTIVE:

Seeking a new opportunity as a Software Engineer, I am a driven individual with skills and expertise in the designing, planning, and maintenance of software programs, I wish to work with a diverse team that works towards contributing to the company vision and goals.

SUMMARY:

Solution-oriented and problem solver with 4 years and 8 months of experience developing and maintaining software and software architecture. Highly skilled in communication, collaboration, and technical documentation.

WORK EXPERIENCE:

10Life Group Limited, Hong Kong

Apr 2018 - Apr 2022

Software Engineer | Lead Engineer

- Focused on developing and revamping the website & mobile app, including UI/UX and SEO performance optimization.
- Involved in developing and maintaining Amazon Lambda, CloudFront, EC2, RDS, Elastic Load Balancing, and other services of the AWS infrastructure.
- Collaborated closely with other developers to develop new features and deliver on time.
- Participated in back-end development, including RESTful APIs, database, and internal admin system.
- Contributed implementation of the automation testing feature on CI/CD by using Cypress.

Entinux Ltd., Hong Kong

Oct 2017 - Apr 2018

Project Specialist

- Assisted project manager in managing the sales system project, including filing issue reports, gathering information, and tracking developer progress.
- Collaborated with other developers to develop a real-time map mobile app and admin console system by Ionic, Node.js, Handlebars.js, and MongoDB.
- Developed a 24/7 network monitoring system app by Ionic, clients will receive alerts before server break-down and reach out to the support team for maintenance.
